FOREWORD

This is the fourth issue of the Statistical Hand Book of West Pakistan which is published by our Bureau of Statistics on an annual basis. In these days of planning there is a great demand for a publication that can be used as a handy source book of statistical information on the economy of our Province. The object of this booklet is to fulfil such a demand. I hope, it will be of interest not only to the planners and administrators but also to educationalists, the research workers and the general public.

The scope and contents of this edition have been enlarged with a view to make it more comprehensive, informative and useful. Mention may be made of Sections of Irrigation, Manufacturing, Fuel and Power, Price Indices, Banking and Finance, Stock Exchange, Labour Force and Employment and Foreign Trade in this respect.

It is natural that in a compilation like this, a number of secondary sources are to be consulted. These are gratefully acknowledged. I am also thankful to Mr. Mohammad Afzal, Director, Bureau of Statistics, Government of West Pakistan, and his staff for bringing out this useful booklet.

Suggestions which will help us to do a better job in future will be most welcome.

B. A. KURESHI,
S.Q.A., C.S.P.,
Additional Chief Secretary,
Government of West Pakistan,
Planning and Development Department,
Lahore.

PREFACE

Before 1962, there was no single publication containing statistical data of all sectors of West Pakistan economy. In order to meet this situation, this Bureau started the preparation of "Statistical Hand Book of West Pakistan." The available data were collected from a large number of Departments of the Central and Provincial Governments and from various Autonomous and Semi-Autonomous Agencies of West Pakistan. These were edited and tabulated in convenient form to suit the general purpose requirements of users of data. The first edition of "Statistical Hand Book of West Pakistan" was published by the end of 1962. The present issue is the fourth edition of this Hand Book. It presents a summary of almost all economic and social sectors of West Pakistan economy. For ease of reference the tables have been distributed among the relevant sectors.

To enhance the use-fulness of this booklet a number of changes have been made in the present issue. Some tables containing less important and out-dated information have been dropped and new tables containing important and useful data have been added. The presentation and quality of data of some tables have been improved. The present edition contains 148 tables and includes a large number of new tables. A table containing "Selected Statistics of West and East Pakistan" is also included.

This Hand Book has been designed to serve as a handy volume for Statistical references. The sources from which the data have been compiled are indicated under each table. For more detailed information, references may be made to the original sources.

The data have been compiled on Provincial and Divisional basis, and, wherever possible, information has also been given on District basis.

I am thankful to the various Central, Provincial and Semi-Autonomous Agencies who have supplied information for this publication. The Bureau looks forward for increasing co-operation and further statistical data from them with a view to make this booklet more informative and useful.

In order to keep the present edition of the Hand Book concise and in handy size, 32 tables previously published in 1964 edition of this booklet have been excluded. A list of these tables is, however, appended as Annexure 'A' (Pages viii to x) with this 'Preface'.

Mr. Mohammad Saeed, Assistant Director and Mr. Abdul Hamid, Statistical Investigator have done all

the hard work in producing this useful Hand Book. Mr. Manzoor Hussain, Typist of this Bureau has also worked diligently in typing the manuscript. Efforts of all these persons are highly appreciated.

Comments for improving the contents of future issues of this Hand Book will be most welcome.

MOHAMMAD AFZAL,

Director,

Bureau of Statistics,

Planning and Development Department,

Government of West Pakistan,
